RESOLUTION NO. 8-10-89

A RESOLUTION SETTING FEES TO BE IMPOSED UPON APPLICANTS WHO COMMENCE ACTIVITIES PRIOR TO OBTAINING PERMITS.

WHEREAS, it has come to the attention of the City Council of Dunes City that individuals have commenced various types of projects and/or activities including, but not limited to: construction, clearing land, bulldozing roads, clearing vegetation, etc., without first having obtained the proper permits, variances, conditional use permits, etc., and

WHEREAS, it has been the experience of the City of Dunes City that when these projects are discovered prior to completion, and the City requires the applicant to apply for permits, the City frequently incurs expenses substantially in excess of those incurred when an individual first applies for permits and commences work after the permit is issued, and

WHEREAS, in many situations the changes made to the environment, if not irreversible, are expensive to alleviate, and

WHEREAS, the Dunes City Council, because of the above stated reasons, has decided to impose penalties upon applicants who apply for permits from the City under certain circumstances as described below.

THEREFORE BE IT RESOLVED BY THE DUNES CITY COUNCIL, that the City Council authorizes staff to impose penalties upon applicants who apply for permits from the City under the circumstances described below:

(1) ORS 455.990 and ORS 455.450 allow the City to impose a penalty of \$100 per day per violation upon applicants who apply for building permits after they have commenced work on a project.

(2) The Zoning Ordinance, Sign Ordinance, Vegetation Ordinance, Street Ordinance, and Subdivision Ordinance require various types of permits be obtained from the City prior to commencing work on permitted activities. They also provide that violation of the respective ordinances is a nuisance that can be abated under the Nuisance Ordinance. The Nuisance Ordinance provides for penalties not to exceed \$500 per day for each day of violation.

(3) By the authority vested in the City as set forth above, the staff of Dunes City is directed to assess a penalty to applicants who are applying for permits after they have commenced the activity requiring a permit (s), and are to place a memorandum

in the permit file indicating the reason for the penalty. Those penalties are more particularly set forth below and are a penalty, not a permit fee. Should the applicant submit a request, the City Council may, in its discretion, forgive part or all of any penalties collected by staff.

(4) In the above described circumstances, staff will assess a penalty equal to the amount of the permit fee for first time offenders. For persons who have previously been found by the City Council to have commenced activities without a permit, the penalty shall be equal to twice the amount of the permit fee. For persons who have twice previously been found by the City Council to have commenced activities without a permit, the penalty shall be equal to three times the amount of the permit fee. All such further offenses shall be assessed a penalty equal to the number of previous offenses multiplied by the amount of the permit fee.

(5) "Offender" is a person previously found by the City to have commenced work without a permit. "Offender" shall also include persons the City or it's staff might "find" during the application process at issue to have committed this infraction of City Code on one or more occasions.

(6) Nothing in this Resolution shall limit the power of the City Council to increase the penalty up to the maximum allowed by City Ordinance or State Statute if, in its discretion the Council believes a larger penalty is appropriate.

It is so resolved by the City Council this 10th day of August, 1989, by the following vote:
