Measure to amend the City Charter of Dunes City.

Question

Shall the City Charter of Dunes City be amended to clarify the authority of the Municipal Judge and creation of a Municipal Court?

Summary

Approving this measure amends the City Charter of Dunes City, by replacing Section 21 with a new Section 21. Adoption of this Charter amendment requires an affirmative vote of the people.

Section 21 of the Charter authorizes the City Council to appoint a Municipal Court Judge. This proposed new Section 21 would replace the current provisions and provide more details as to the Municipal Judge's authority. The proposal allows a Municipal Court Judge the authority granted by State law, unless the City Council adopts an ordinance specifically limiting such authority. The proposal would also allow the City Council to contract for the services of a Municipal Court Judge and allow the City Council to authorize holding Municipal Court at a location outside the City limits.

The proposal is based upon a League of Oregon Cities model that is in use by many other cities throughout Oregon. If approved, the Charter amendment would take effect January 1, 2019.

A Copy of the proposed amendment is available at City Hall, 82877 Spruce Street, Westlake, Oregon.

NOVEMBER 2018 ELECTION

Caption: Five-year local option tax for city operations.

Question: Shall Dunes City impose \$1,215.70 each year for five years for operations beginning in 2019-2020? This measure may cause property taxes to increase more than three percent.

Summary: The City of Dunes City seeks to impose a local option levy to raise \$1215.70 per year for five years. The total levied over five years would be total \$6,078.50. The money raised would be used for general operations. The taxes will be used for operating purposes and to qualify the City to receive State shared tax revenues.

It is estimated that the proposed tax levy will result in a property tax rate of \$.005 per \$1,000 of assessed value in the first year. For example, a property with an assessed value of \$300,000 would be assessed a tax of \$1.50 by this proposal. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate and may reflect the impact of early payment discounts, compression, and the collection rate.

Emergency Services Report to City Council

May 21, 2018 ~ Prepared by Jamie Mills

I attended the West Lane Emergency Operations Group meeting held on Monday, May 21, 2018 at the Siuslaw Valley Fire and Rescue Station #1 in Florence. The Agenda and packet materials are included in this packet.

There will be a training held, beginning at 9:00 a.m., on Wednesday, May 23rd. This is the first of about four years' worth of training events designed to test the ability of first responders and hospital personnel to deal with surge events, that is, events where the patients far outnumber the available beds and caregivers. This year the number of patients is set at 27.

Frank Nulty reported that the portable water processing units designed by the Boy Scout Camp are tested and ready to be placed in the various locations throughout the City of Florence. A U-Tube video will be posted on the SVFR website to show entities how to make their own. He recommends that these be purchased and installed before an event occurs.

The WLEOG Budget for the 2018-2019 fiscal year was adopted unanimously. Dunes City's contribution this coming year will remain the same at \$1,331.86.

The Oregon Health Authority gave a lengthy presentation on, first, flu, and secondly, on wildfire. The majority of flu reports come from long term care facilities. Employees of long term care facilities are not required to get vaccinated, so between exposure from employees and exposure from visitors, the result is a higher illness rate for those in long term care. Anyone who is contemplating placement in long-term care facilities should contact the Oregon Health Authority, as vaccine rates for long-term care facilities employees must be reported by each facility.

The upcoming fire year is setting up to be a dangerous one. Emphasis was placed on how to understand the varying levels of wildfire warnings and what they mean. I will include an article containing the information in the next newsletter.

Bob Pine from Amateur Radio Emergency Service (ARES)/Radio Amateur Civil Emergency Service (RACES) reported that FEMA has recommended that WLEOG obtain a SHARES license so it will not have to relay information through ham radio operators, but will be able to communicate with FEMA directly.

Bob also reported that the annual field day will begin at 11:00 a.m. on Saturday, June 23rd and end at 11:00 a.m. on Sunday, June 24th. The event will be held in the empty lot across the street from the Fire Station in Florence.

The next WLEOG meeting will be held at the Fire Station in Florence on Monday, June 18th at 10:00 a.m.

City Administrator/City Recorder Report to City Council

June 6, 2018 ~ Prepared by Jamie Mills

There were 6 building permits issued in May: 3 electrical, 1 mechanical, and 2 structural. There were 3 Public Works vegetation removal permits issued.

The Oregon Dunes Triathlon was held on May 12th and, once again, was a huge success. More than 275 athletes registered for the event and, except for a couple of bicycle accidents, there were no major incidents or problems.

The CAC met on May 23rd, where it continued its review of the Design Standards of 155.3. The next CAC meeting will be June 20, 2018, at 5:00 p.m. Planning Commission met on May 29th, at which time it held a public hearing on a Conditional Use Application submitted by Sophia Beth Kerner for a small beekeeping operation. The next Planning Commission meeting will be held on June 28, 2018 at 5:00 p.m.

The City received numerous complaints regarding tree and brushing cutting noise after 7:00 p.m. Residents are being reminded that the Dunes City Code does not allow loud noises (noise that can be heard from 50 yards away) after 7:00 p.m. or before 7:00 a.m.

The Water Management and Conservation Plan has been submitted to the State Division of Water Resources for review. The Water Use Report for the October 2016 to October 2017 water year has been corrected and submitted as well. Residents are reminded that they must report their water meter readings monthly. I will be pursuing fines and penalties for those who are non-compliant as failing to report the water use it puts the City's water right at risk for loss.

Requests for quotes for widening of Huckleberry Lane and installation/repair of the stormwater drainage will be going out shortly, as soon as the survey has been completed and specific needs identified.

Toward the end of this month, I will be meeting with Bob Long of CwM-H2O to move forward with the installation of the water measurement device on Woahink Creek. Mr. Debriae, owner of the land associated with the Woods on Little Woahink subdivision, requested an extension within which to file his final plat plan. City Code allows for one extension to be granted, so that extension was issued on May 29, 2018, so Mr. Debriae now has until May 29, 2019 to finalize the plat plan as no further extensions may be granted.

Respectfully submitted,

Jamie Mills City Administrator/Recorder Dunes City, Oregon - Mail Tracking Log -May 2018
